

TL2900 Electric Wire Closer

Wire Closers

The **GBC TL2900 wire binding closer** will close any size wire accurately in under 2 seconds. With a unique wire holding bar the operator can load the punched paper onto the wire and then simply press the close buttons to activate the closer. Used effectively, up to 200 books an hour can be produced.

Features and Benefits

- **Wire Capacity:** Closes 3:1" & 2:1" sizes 3 to 20
- Maximum Sheets: 240 (80 gsm)
- **Document Size Punched edge:** Up to 12" (30cms)
- **Document Size Un-punched Edge:** Up to 14" (35.5 cms)
- **Electric Binding:** Produces a quality crimp in less than 2 seconds, for up to 200 books per hour.
- **Dual Activation Binding:** Quickly and safely crimps the wire document with a push and hold motion.
- **Closing Lid:** Ensures that the wire element is in the proper closing position for a round wire close.
- **Wire Loading Hooks:** Holds both 3:1" & 2:1" wire in place while pages are loaded and the document crimped, eliminating manual movement of the document into a separate closing station.
- **Single Adjustment Knob:** Adjusts the closing lid quickly and evenly for crimping different size wire in one easy step
- **Wire Size Guide:** Convenient wire size guide, simply dial in the wire size to be crimped using the easy to follow size guide dial
- **User Friendly LED Display:** Four LED's guide the operator through the binding process. LED's read "LOAD", "PUSH & HOLD" "DONE" * **and "RE-DO".
- **Auto Reverse:** Ensures safety by reversing the motor and crimping action if the operator removes hands from activation buttons to soon.
- **All Metal Construction:** Solid castings provide greater punching durability.

Technical Specification

Dimensions	406 (w) x 178 (h) x 330 (d) mm
Weight	19.5 Kgs
Power Requirements	230v50Hz/1.0 amps
Safety Approvals	TUV/CE/GS
Pitch	3:1" Square hole punching
